A wide-angle photograph of a city skyline at dusk. The sky is a pale, hazy blue with a small, bright moon visible in the upper left. The city features several tall, modern skyscrapers with glass and steel facades, some of which are illuminated with warm orange and yellow lights. In the foreground, a body of water reflects the city lights and the sky. A bridge or walkway runs across the water, with a few people visible walking on it. Several large construction cranes are visible in the background, their long jibs reaching into the sky. The overall atmosphere is serene and urban.

THANK YOU.
